

LINIER® CASTER BASE

The LINIER® Caster Base provides a sturdy, mobile base that is suited to be used with any of the LINIER Fixed Wall Mount Cabinets. The low profile base assembles in less than 5 minutes and adds only 2.9" in height to your cabinet. Whether you need a compact rolling cabinet to fit under a desk, or you're short on space and don't want to wall mount the unit, the LINIER® Caster Base in conjunction with a LINIER® Fixed Wall Mount Cabinet provides a cost-conscious, mobile solution.

FEATURES

Low Profile Swivel Casters - The 2" dual wheel casters swivel 360 degrees providing easy maneuverability.

Easy to Assemble - The knockdown design reduces shipping costs and takes less than 5 minutes to assemble.

Polypropylene Wheels - The polypropylene material is perfect for all flooring types as it will not scuff or damage flooring during movement.

Open Design - The large opening in the bottom allows access to the laser knock-out in the bottom of the LINIER Fixed Cabinet. This knock-out can be used for cable routing or to install a Fan Assembly Kit.
