Tools Needed:

Screwdriver

What's Included:

QTY 1: Left Leg Assembly

QTY 1: Right Leg Assembly

QTY 1: Modesty Panel

QTY 1: Table Top

QTY 4: End Caps

QTY 1: Modesty Panel Grommet

QTY 4: Levelers

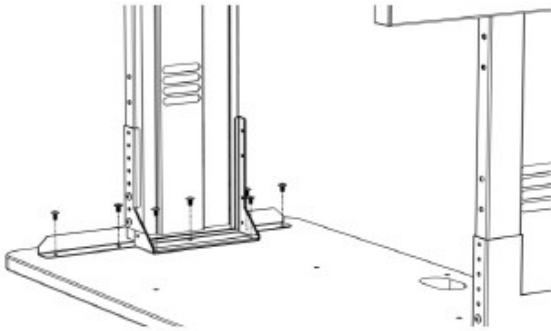

QTY 1: Surface Grommet

QTY 25: 1/4-20" Screws

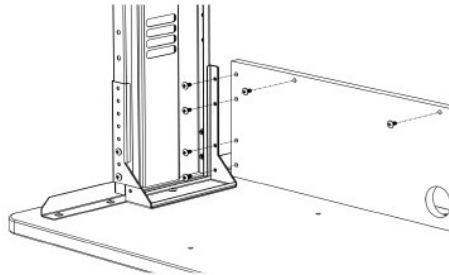

Step 1:

- A. Position table top with smooth surface facing down.
- B. Line up leg assemblies with pre-drilled hole pattern. (Note: Shorter side of legs face back of the table.)
- C. Fasten to table top with 1/4-20" screws.

*If installing the Cable Management Enclosure, leave out the back two screws in the legs.

Step 2:

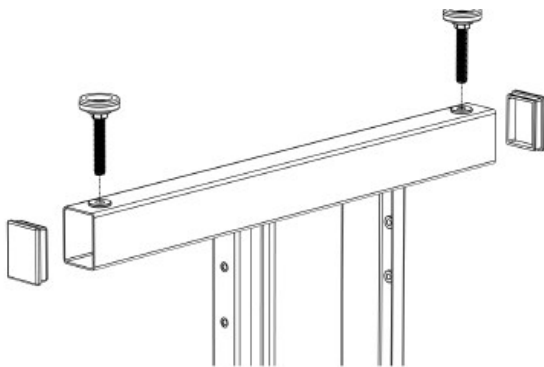

*If installing the Cable Management Enclosure, proceed to mount that to the modesty panel before assembling the panel to the training table.

- A. Attach modesty panel to the back edge of the right and left leg assemblies. (Ensure the grommet opening is closest to the work surface.)
- B. Fasten with 1/4-20" screws.

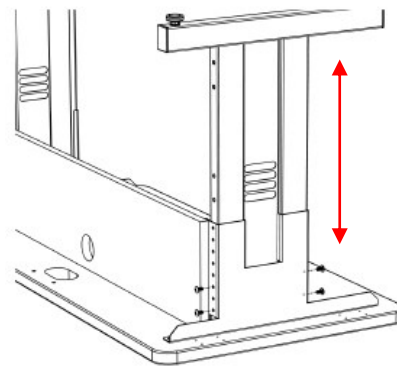

*If not installing the Cable Management Enclosure, fill in additional threaded holes in modesty panel with additional screws.

Step 3:

- A. Insert levelers into the threaded inserts in the bottom of the leg assemblies.
- B. Insert end caps into base of each leg.

Step 4:

- A. Set the training table height on each leg assembly by unscrewing and sliding the leg to the desired position.
- B. Re-insert screws to secure.
