Assembly Instructions
Power/Data Conversion Kit
## Part Number: 5500-3-100-01

What's included:

QTY 1: Voice/Data Adapter Kit
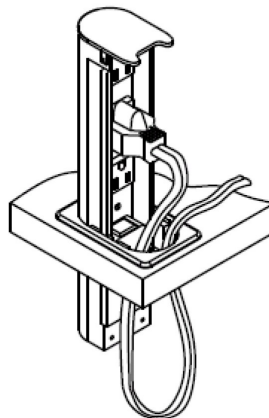

QTY 1: Power/Data Center

Step 1:

Place hook on the bottom of the cap under the front edge of the power center and slide toward rear.

Tap down on the top of the cap to lock in place on the power center. To remove the cap, pry up on the back edge of the cap.

Step 2:

Slide the power/data center through the grommet. Be sure the power supply/communication cable is free to move and down with the power center.
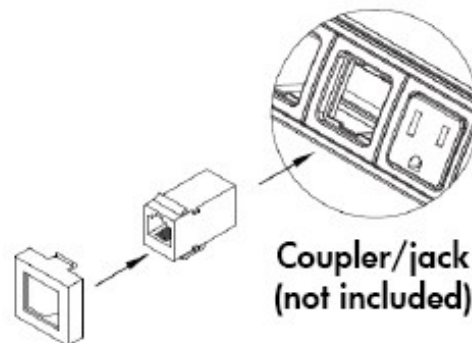

To remove the power/data center: Slide the power/data center to its upright position. Then squeeze the sides of the power center close to the grommet and lift the power center out of the grommet.

Step 3:
Select appropriate adapter plate to fit with your preferred connectors.

Adapter	Manufacturer
AA	Systimax/Commscope
AA	Uniprise/Commscope
BB	L-Com Keystone Modular
BB	Tyco SL, and 110 Connect Series Modular Jacks
