

TRAINING TABLE KEYBOARD TRAY

The Training Table Keyboard Tray provides users a convenient and comfortable solution to access their keyboard. As a bonus, the sliding rail design allows the keyboard tray to be turned upside down and then used as a small drawer. The training table work surface features all pre-drilled and pre-threaded holes for a fast and easy installation.

- Compatible with all sizes of the Advanced Classroom Training Table Collection
- 36"/48" Training Tables accept one Keyboard Tray
- 60"/72" Training Tables accept two Keyboard Trays
- Installation hardware included
- Made in the USA
- Limited Lifetime Warranty

FEATURES

Easy Keyboard Access - The adjustable rails allow the Keyboard Tray to conveniently slide in and out between uses.

Multi-Functional - The Training Table Keyboard Tray can be turned upside down to turn into a small drawer as well. The sliding rail design makes this dual function possible.

Easy Installation - The work surface on the training table comes pre-drilled and with pre-threaded holes to make installing the Keyboard Tray quick and easy.
