

# PERFORMANCE PLUS® LAN STATIONS PRE-CONFIGURED

The Performance Plus® Heavy Duty LAN Station is easy to configure and includes numerous shelves for multiple storage options. Each shelf will support up to 850 lbs. - talk about heavy duty! While most modular systems are built-to-order, our components are built-to-stock so they have a lower cost and save you money. There are several ways to easily and quickly configure these heavy duty LAN stations. Just ask the experts at Kendall Howard! We offer four sizes (36"/48"/60"/72") and a corner option to suit various needs. With Performance Plus® LAN Stations you get a customizable product without the custom price tag.

- 850 lb. weight capacity per shelf
- Shelves adjust in 1" increments
- Modular gangable design
- Back plates provide cable management
- Assembles in 30 minutes or less
- Available sizes: 36"/48"/60"/72"/Corner
- Made in the USA
- Limited Lifetime Warranty

#### **FEATURES**

**Built-to-Stock** - Our components are built-to-stock, not built-to-order, saving you money. We provide a custom solution without the custom price tag.

**Numerous Parts for Maximum Use** - The 36"/48"/60"/72" LAN stations includes three 24" deep shelves, one 30" deep shelf, two side frame kits, four shelf support kits, and four 36" back plates. Our other option, the corner LAN station, includes two 24" deep shelves, one 30" deep shelf, two side frame kits, one corner support kit, six shelf support kits, and six corner back plates. Each shelf will support up to 850 lbs. and are adjustable in 1" increments.

**Quick Assembly Time** - Assembly time is less than 30 minutes so there's minimal waiting time to have your Performance Plus® LAN Station up and ready.

**Stunning Finish -** The White Nebula laminate is accented with a black rubber T-molding, which compliments the black powder coat finish of the frame, back plates, and shelf supports. Overall, this LAN station has a sleek and clean finish to compliment any office or IT environment.
